MAKO

Bahamas Blue 5X Lake & Pond Dye

32 oz Liquid Concentrate

Professional Lake & Pond Water Colorant

MAKO Bahamas Blue Concentrate Dye gives contained ponds and lakes a richer, cleaner-looking Bahama-blue tone with a blue-and-yellow pigment blend while helping reduce sunlight penetration. It is a professional-grade 5X liquid concentrate that is easy to pour from shore or by boat, spreads quickly through the water, and is designed for season-long visual appeal in ponds, lakes, ornamental water features, fish hatcheries, and other low-outflow waters.

Rapid Color Change

Immediate Water Use

32 oz
liquid concentrate

Professional-Grade
5X Formula

Treats **1 acre**
at 4–6 ft deep

HOW IT WORKS

Shake well and pour from shore or by boat. The concentrated dye disperses quickly through the water to create a richer Bahama-blue appearance while helping reduce sunlight penetration.

IDEAL FOR

Contained ponds, lakes, ornamental water features, fish hatcheries, aquaculture sites, and other low-outflow waters where a brighter blue-green finish is desired.

QUICK USE GUIDE

Treatment Area	Dose	Notes
1/4 acre	8 oz	Scale to pond size
1/2 acre	16 oz	Pour around shoreline
1 acre, 4–6 ft deep	32 oz	Full-rate application

Reapply as needed for color maintenance. Always follow label directions.

NET CONTENTS
