

# NT-MAX

## Septic System Bio-Packs

48 Month Supply | Pre-measured water-soluble packets

Maintain septic biology with monthly Bio-Packs that help digest sludge, fats, oils, paper and odor-causing organic buildup in tanks, drainfield lines, cesspits and mound systems.

### Monthly care

One sealed Bio-Pack per month supports 48 months of routine septic maintenance.

### High-density cultures

Water-soluble film releases 5 billion lab-cultivated bacteria per gram.

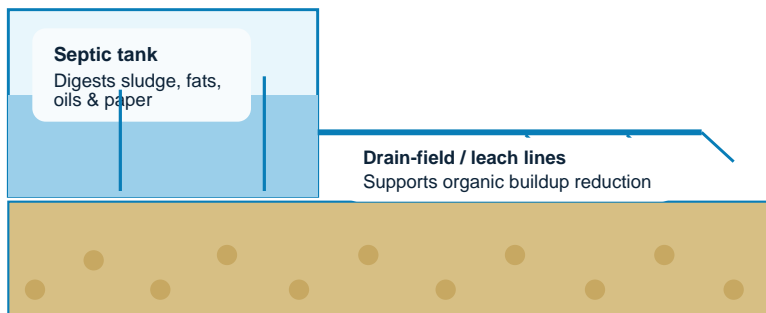

### Eco-safe program

Non-pathogenic, non-hazardous cultures; safe when used as directed.

### Tank-to-Drainfield Coverage

Beneficial cultures move from the tank into lines with normal wastewater flow

### Monthly Treatment Guide

Use one packet monthly for routine system maintenance

Use case	Initial	Follow-up
Routine maintenance	1 pack	Monthly 1 pack
After pump-out	1 pack	Monthly 1 pack
Clogged / ponding system	Evaluate	Use Super Shock first

Flush sealed packet only. Do not open, cut or pre-mix. Follow the product label for directions.

### Product data

SKU: NTB680  
 UPC: 811744010299  
 Unit Count: 48 Packs  
 Weight / Dimensions: 8 lb; 16 in L x 9 in W x 12 in H

Listing accuracy: 05/01/2026

Category: Septic System Treatments  
 Brand: NewTechBio  
 Active Ingredient: Beneficial Microbial Cultures and Enzymes  
 Form / Origin: Water-soluble Bio-Pack; non-pathogenic; Made in USA

### How to apply

- 1) Drop one sealed Bio-Pack into a toilet.
- 2) Flush; the pouch dissolves in the septic system.
- 3) Repeat monthly for 48 scheduled treatments.
- 4) Use with normal household wastewater flow; avoid overdosing unless directed.

### Performance expectations

Bio-Packs support ongoing digestion of sludge, fats, oils, paper and bio-mat. Outcomes vary by system age, loading, hydraulic use, soil conditions and application consistency. Clogged or ponding systems require Super Shock treatment along with Bio-Packs.
