

NT-MAX

Septic System Bio-Packs

48-Month Supply

Industrial Biological Septic Treatment

Water-soluble monthly packets help digest sludge, grease, paper, and bio-mat. Supports ongoing flow, odor reduction, and long-term septic performance.

Maintains Flow

Sludge Reduction

Odor Reduction

48-Month Maintenance

48 monthly bio-packets

Commercial-Strength Maintenance Formula

5 billion CFU/g

HOW IT WORKS

Water-soluble monthly packets dissolve in seconds, releasing beneficial microbes that help digest organic buildup and maintain free-flowing septic systems.

IDEAL FOR

Routine septic tank and drainfield maintenance after restoration or for ongoing prevention in aerobic or anaerobic systems.

QUICK USE GUIDE

System Status	Initial	Follow-Up
Routine Maintenance	1 packet monthly	Continue monthly
After Shock Treatment	1 packet monthly	Continue monthly
